

## Surgery Training Request Form

Please answer **ALL** the following questions and return it via email to [dcmtraining@utoronto.ca](mailto:dcmtraining@utoronto.ca). **Incomplete forms will not be reviewed.** Once eligibility is confirmed, you will be sent a date for the next available module. All participants, including any assistants who may not directly be performing the procedures (but assisting with sterile technique), must also attend the survival surgery module.

**Date:** \_\_\_\_\_

**UTORid:** \_\_\_\_\_ **Name:** \_\_\_\_\_ **UofT Email:** \_\_\_\_\_

**PI:** \_\_\_\_\_ **Protocol No.:** \_\_\_\_\_ **Protocol Expiry Date:** \_\_\_\_\_

**Expected start date of animal work:** \_\_\_\_\_ **Species:** \_\_\_\_\_

**Facility where surgery will be performed (select one):**  CCBR  MSB  BSF  UTM  UTSC

**Other, specify:** \_\_\_\_\_

**Are you listed on the protocol for which you will be performing surgery?**  Yes  No

*Note: An amendment must be submitted for anyone not included on the approved protocol via MRAP.*

**What type of surgery will you be performing or assisting with?**  Acute  Chronic

NOTE: If you are performing acute surgery, and you do not require sterile techniques, you do not need to attend the surgery module. Acute surgeries are those from which animals do NOT recover. You DO need to take the anesthetic module for acute surgeries.

**What is the anticipated start date for your first surgery?**

NOTE: Your surgeries must start within 4-6 weeks of attending the survival surgery module. You will not be eligible for the module unless you are within that time frame.

**Have you already attended the anesthetic training module?**  Yes  No

NOTE: This module is a prerequisite for attending the surgery module. If you have not already taken the class, you will be assigned to attend one prior to attending the surgery module.

**Are you a (select one):**

- |   |  |  |
|---|--|--|
| <input type="checkbox"/> Principal investigator | <input type="checkbox"/> Postdoctoral fellow | <input type="checkbox"/> PhD candidate                 |
| <input type="checkbox"/> Masters student        | <input type="checkbox"/> Research technician | <input type="checkbox"/> Visiting scientist            |
| <input type="checkbox"/> Summer student         | <input type="checkbox"/> Volunteer           | <input type="checkbox"/> Undergraduate project student |

**Will you be working with biological or chemical hazards?**  No  CL2  Chemical  Both

*If yes, you must attend the CL2/Chemical hazard module.*
